

# Kit do jogo Set

## **Cartas**

Fazem parte do baralho 81 cartas, que devem ser impressas e recortadas. Recomendamos que as cartas sejam coladas em papel cartão e depois recortadas novamente para que fiquem mais rígidas. Caso não seja possível imprimir o material, as cartas também podem ser feitas à mão com papel e canetas ou hidrocores coloridos.

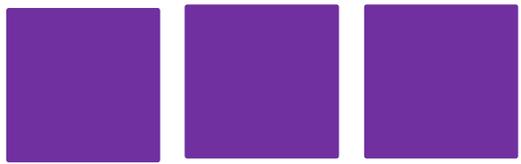

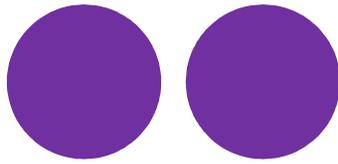

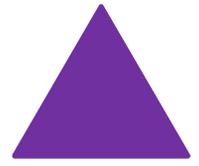

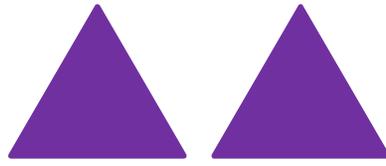

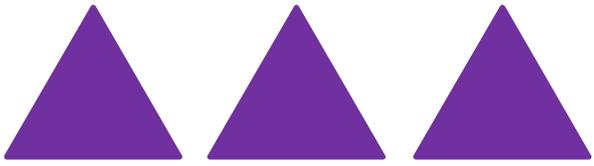

As cartas podem ser armazenadas em luvas transparentes para cartas (conhecidas como “Sleeve Shield”) para garantir maior durabilidade ao material.

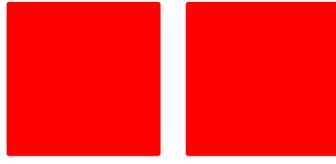

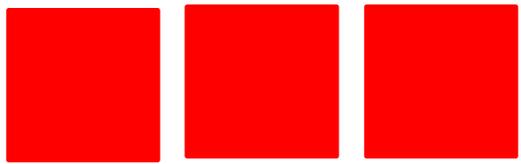

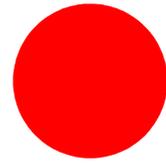

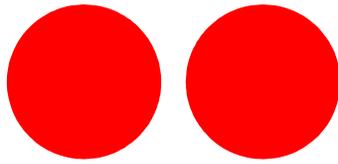

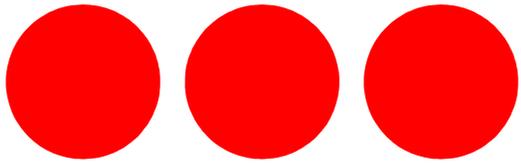

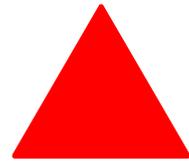

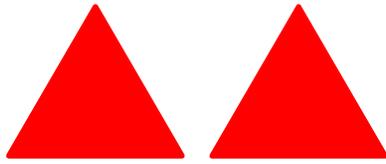

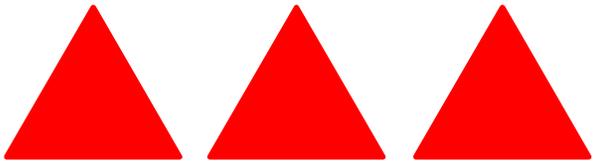

## **Observação**

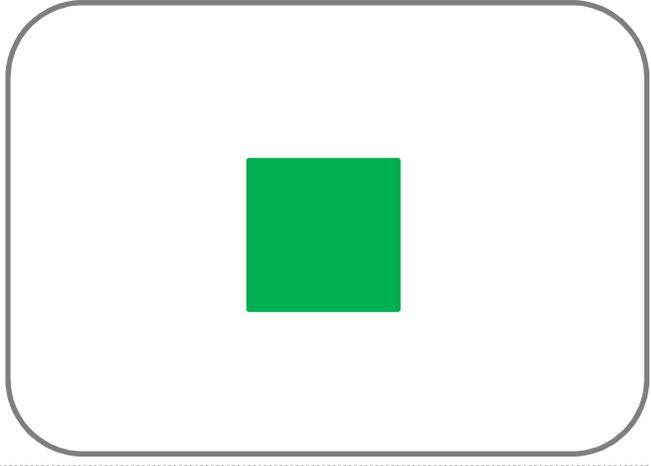

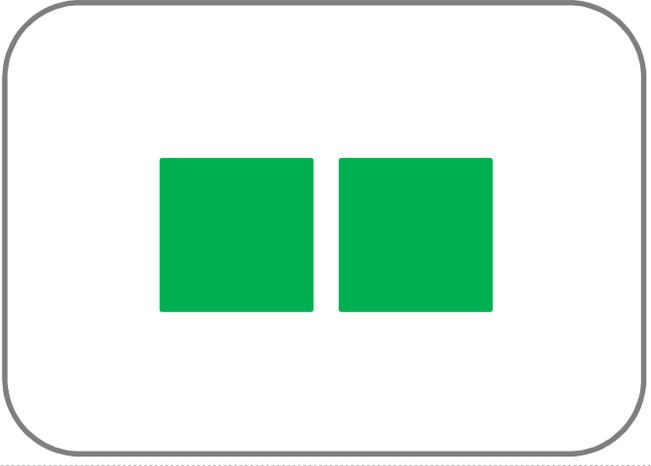

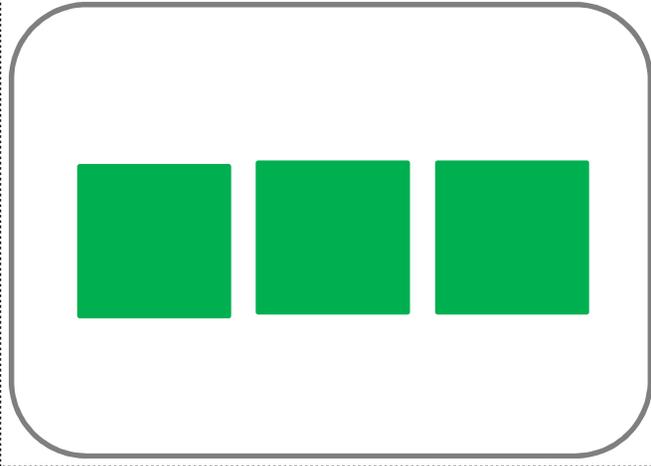

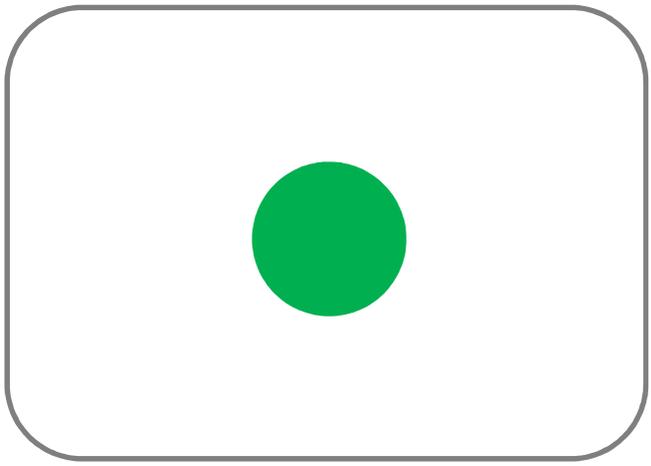

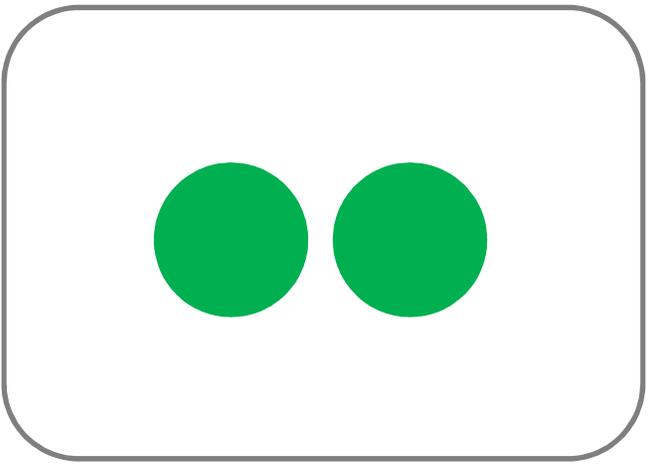

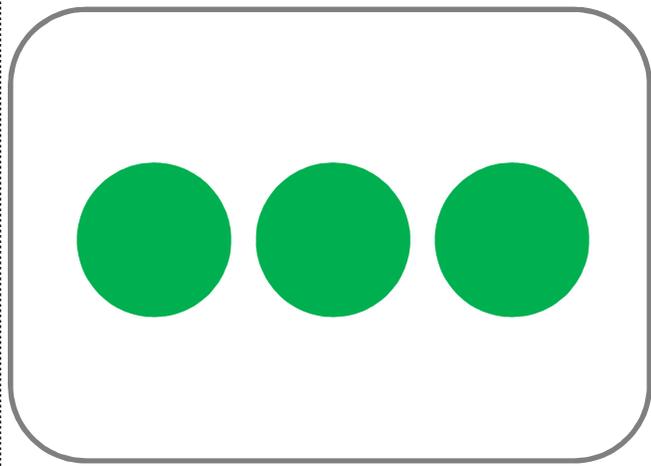

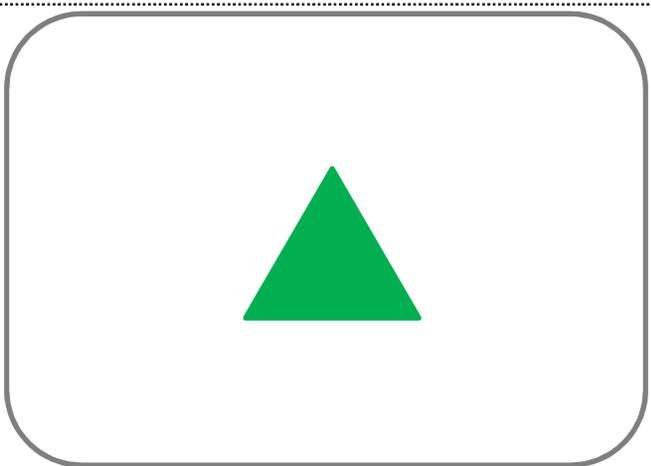

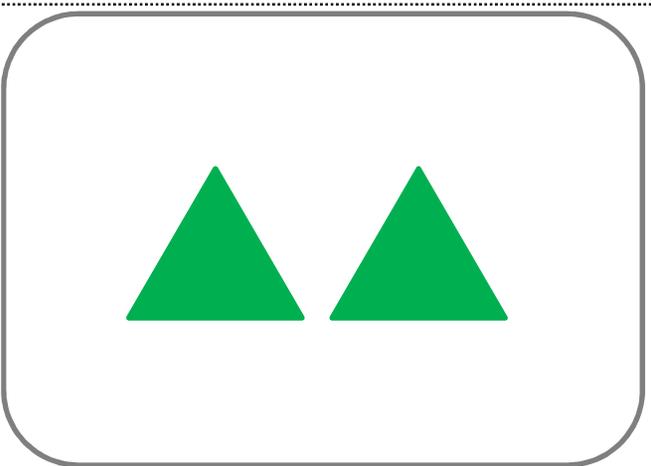

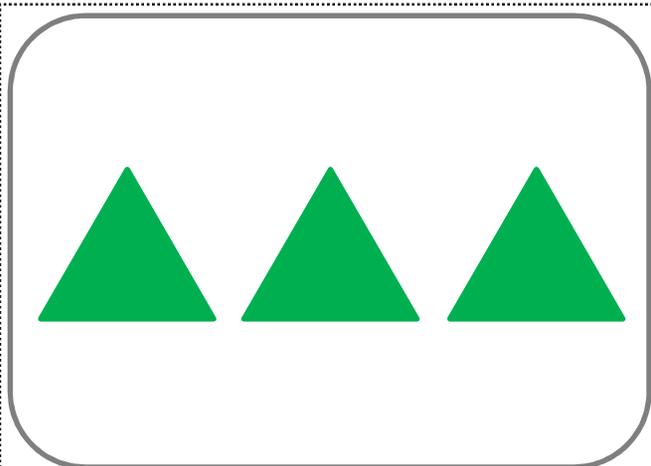

Para jogar as variações Dominó Linear com Set e Dominó Plano com Set é usado o mesmo baralho. Para jogar a variação Conjuntos com Set, será necessário um baralho complementar, que consiste em 81 cartas de comando. Este arquivo contém ambos baralhos e você pode imprimir apenas as cartas necessárias para a variação que escolher jogar.

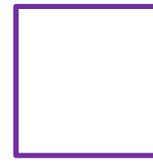

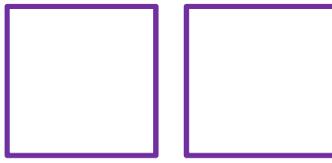

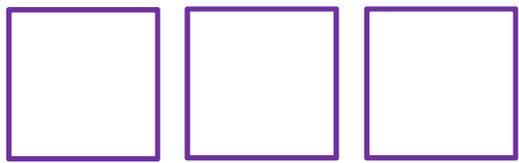

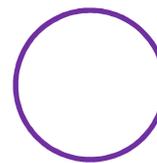

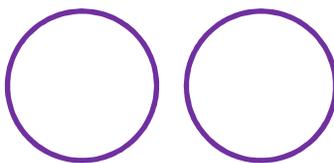

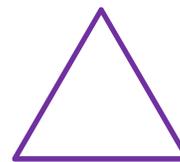

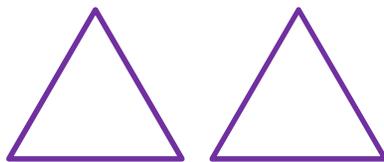

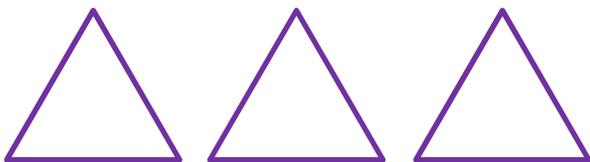

**Bom jogo!**
